Upgrade Your Tracker Land Safari

Premier Safaris

On our mid-level package you can start your land safari on any day of the week. You will still have the same choice of high quality lodges and camps as on the Tracker packages, but you now have the flexibility of departing on the day that suits you. This is because you will now travel in your own vehicle that has been specially adapted for game viewing.

All your road transfers and game drives are taken in your own private vehicle as opposed to sharing a 7-seater minibus with other passengers booked on the same scheduled safari as you.

Connoisseur Safaris

If you want to indulge in the ultimate luxury and exclusivity, our Connoisseur Safari is for you. With Connoisseur, you can travel from camp to camp in the exclusive luxury of our air-conditioned 4-wheel drive Toyota Land Cruisers, complete with your own butler service.

Please note that upgrading Tracker Safaris only applies to land safaris.
