## ATHENS and the ISLANDS

Greece is a truly unique destination, as it combines the mainland with its long history from antiquity with the islands. With more than 1400 islets and islands, itinerary focusing on some of them are very common.

Although Greece is a very small country with just about 11 million inhabitants, it has among the largest coastlines (larger than that of the US), mainly because of the numerous islands.

HETCO tours features a number of itineraries combining Athens, with some of the islands. The basic island-hopping tours vary in length from 5 to 9 days, but stay on the islands can be extended to the clients' desire. In addition, our programs vary by combining Athens with one, two or three islands.

## ISLANDS FEATURED IN OUR TOURS

### MYKONOS

Best known as the summer meeting point of the international "jet set", Mykonos is famous for its bustling night-life and the non-stop beach parties. A destination that stays up all night, where almost anything is allowed. Its main town, Chora, has a characteristic Cycladic color with white-washed house build around a small maze of cobble-stoned streets. A cocktail at the "little Venice" is always a must. The visitor will also find a great number of sandy beaches. Next to Mykonos, one should visit the sacred island of Delos.

### SANTORINI

One of the top destinations in the world. A very romantic island with unique morphology which was created thousands of years ago after the great eruption of the volcano. Cave-like houses built on the caldera rim, create a unique scenery. The views to the caldera and the volcano are stunning, and are usually best viewed from Oia village. Black sanded beaches, and unique vineyards complete the scene of this unique island.

## ATHENS and the ISLANDS

### ISLANDS FEATURED IN OUR TOURS

#### PAROS

Among the most typical of the Cycladic islands, Paros has it all. Beautiful sandy beaches, traditional villages like Lefkes, picturesque fishing ports like Naousa, and a beautiful main town Parikia are some of the places worth seeing. Wind-surfers prefer the island as some of the beaches offer just the perfect conditions for them. A famous and important attraction not to be missed is the church of Panagia Ekatontapiliani (with the hundred doors), and of course a visit to the adjacent little island of Antiparos.

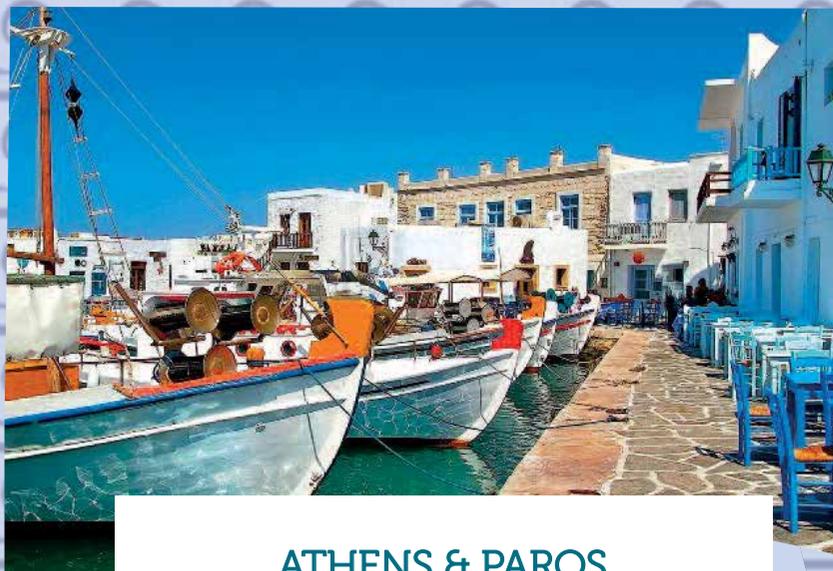

#### NAXOS

This is the largest island of central Cyclades. Its really beautiful sandy beaches attract many visitors, but the unique characteristic of the island is that it combines the Cycladic summer color with the mountain atmosphere. Mount Za, is the highest mountain in the Cyclades. Some of its villages like Apiranthos, are definitely worth your visit. The castle in the town of Naxos and the famous "Portara" (huge marble door) guarding the port complete the scenery of a truly picturesque island.

#### CRETE

The largest of the Greek islands, and unique in all ways. Beautiful beaches, mountain villages, characteristic Cretan traditions, unique cuisine, numerous historical and archaeological places..., Crete has it all. A visit to Crete is never enough. You need to spend a month to see it all, or come again and again. From the west to the east, from Chania with its beautiful Venetian port, to Rethymon with its castle and sea-front promenade, to Heraklion with the famous Knossos Palace, to Lassithi with Mirabello bay, Agios Nikolaos and Elounda, Crete has more to offer than any other Greek island.
