France is the country for which the word chic was invented - seductive and aloof, old-fashioned and forward-looking, but always characterised by a certain je ne sais quoi.

Paris stimulates the senses, demanding to be seen, heard, touched and tasted. It is said that the soul of Paris lives not simply in its impressive monuments, but in its quiet boulevards and parks.

The Eurostar Train

Travel to the heart and Soul of Europe. Explore glamorous Paris, discover the hip London bar scene and enjoy gourmet fare in Brussels. Eurostar offers a fast, frequent and efficient service, whether you are travelling for business or pleasure. Eurostar will take you there quickly, efficiently and in style. The Eurostar was Europe's first international train, designed to take advantage of the Channel Tunnel, to provide a high speed rail service between London and the UK to destinations in Continental Europe. It is a remarkable 20 cars long, some 400 meters long and travels at a speed of 298km per hour. There are two classes of travel:

Leisure Select - Leisure Select is perfect for those of you wishing to treat yourself to a short break in style. You can enjoy a large comfortable seat where they will serve you champagne and a three-course meal* from their exclusive menu.

*Applicable on all direct services excluding the Disney train.

The sleek Eurostar Train

Standard Class - Includes a reserved seat in a spacious air-conditioned carriage with an on-board bar buffet. Trains also offer seating areas for babies, plus designated seats and assistance for passengers with special needs. On Wednesday, 14 November 2007, Eurostar launched services from St Pancras International, their new home in the heart of London. Because St Pancras International is served by a new high speed rail line, Eurostar journeys will be cut by at least 20 minutes, now making the journey between London and Paris only 135 minutes, and between London and Brussels only 111 minutes.

Air city service

This service offers a great alternative to taking a taxi to the airport or booking a private transfer, both of which can be extremely expensive. The Air City Service transfers passengers to and from both Paris Charles de Gaulle and Paris Orly

Airports, directly to centrally located hotels in Paris. All transfers are provided in air-conditioned 8 & 15 seater minibuses operated by skilled drivers. Each minibus stops at a maximum of 4 hotels and there is an average waiting time of 20 minutes between arrival at the Air City Service Welcome Desks and the next minibus departure. Reservations for these transfers are mandatory.

Private Transfers

Private transfers are ideal for those clients looking for a more personalized service. Upon arrival at the airport or train station, an English-speaking driver will be waiting for you, holding a name sign and will assist with your luggage while escorting you to your private vehicle. The driver will transfer you directly to your hotel in central Paris or Disneyland Resort Paris. Reservations for these transfers are mandatory.
