

## LONDON PASS

2016

### PRICES PER ADULT

1 Day Pass without transport = **£55**

2 Day Pass without transport = **£77**

3 Day Pass without transport = **£90**

6 Day Pass without transport = **£120**

### What is it?

The London Pass is the ultimate sightseeing pass that's specially tailor made for visitors and tourists in London. Holders get free entry to over 55 top attractions for one price as well as a 1 day Hop On Hop Off bus tour. The pass comes complete with a comprehensive guidebook, queue skipping privileges, "optional" Travel card and over 40 special offers.

### How it works?

Present your Thompsons Holidays voucher to a redemption centre in London. The address & details of the redemption centre will be on your Thompsons voucher. When you have handed in your voucher you will receive a London Pass Smart Card. The London Pass 'smart card' – is like a credit card with a computer chip inside - which allows you completely cash free entry to your choice of 55 London tourist attractions.

Once you've bought your London Pass you don't have to pay to get into any of the attractions covered by the pass and the more sights you see, the more money you save.

Simply show the attendant at a London Pass attraction your card, they will swipe it through a special machine and you will be allowed entry.

### Activating & Validity of the London Pass

The smart card records when and where you first use your London Pass, as well as how long the pass will remain valid for.

This means that regardless of what start date you give when you buy the pass, your London Pass is activated the moment that you first use it at an attraction or service.

Your London Pass is then valid for the number of days that you purchased - be it 1, 2, 3 or 6 days It is important to note that a 'day' is based on a calendar day, so should you first use your pass at 4pm on Monday, Monday is counted as day one of your pass usage. The London Pass is valid for use on consecutive days only. At the end of your validity the pass will expire and will no longer allow access to attractions. If, for example, you used a three day pass for the first time on Monday, your pass will no longer work at the end of Wednesday, regardless of how often you have used it in between.

**What you can see:** Below is a list of all the attractions in London you could visit with a London Pass in hand.
