

## Zanzibar – East Africa

Konokono in Kiswahili means snail. Just as a snail shell shelters and pampers its contents, so does the Konokono Beach Resort with its guests. Upon entering its relaxing and peaceful environments, you will experience a welcome second to none.

### **LOCATION**

Konokono Beach Resort is located on the Michamvi Peninsula, on the South East Coast of Zanzibar - one of the most authentic and secluded places on the island - and overlooks the wonderful Chwaka Bay

Several kilometres of white pristine beach face Konokono. The resort is a quiet paradise offering privacy and tranquility in the heart of nature. In this quiet surrounding you will find all the modern luxuries such as a beach bar, restaurant, pool and spa which were designed with your comfort in mind.

The equatorial geographical position is responsible for an average temperature of around 25 °C. There are two dry seasons - from December to March and from June to October, when temperatures can reach over 30 °C, and two rainy seasons - from mid-April to May and in November ("short rains month"). The time zone is 3 hours ahead of GMT.

The KonoKono resort is open 12 months a year.
