

LUXURY RESORT & SPA | MAHÉ | SEYCHELLES

Welcome to the magic of MAIA, your private peninsula in the Seychelles.

When Vasco da Gama discovered the Seychelles he titled it the Seven Sisters archipelago after a star constellation of the same name, which was used by mariners to navigate the seas. The stars were named after the daughters of Atlas and Pleione from Greek mythology, the eldest and most beautiful known as Maia, The Great One.

Location

Nestled on the lush island of Mahé and surrounded by the Seychelles archipelago, you'll discover the magic of MAIA, where the secluded beach of Anse Louis sweeps into a transparent turquoise sea.

Awaken your senses in the most luxurious place on earth, created with the sole purpose of bringing you perfect enjoyment, ultimate relaxation and a deep and lasting peace.
